For the purpose of travel:
Sponsored by: ClearWay Minnesota

A two-day assembly of thirteen states to discuss and document collective efforts around influencing health systems changes for treating populations with tobacco use dependence.

Attendees include: CO, IA, MA, ME, NH, NY, OH, OK, NC, RI, VT, WA, WI, representatives from the Centers of Disease Control and Prevention (CDC), Tobacco Cessation Leadership Network, North American Quitline Consortium and Association for Treating Tobacco Use and Dependence. The impetus for this meeting is to share national strategies among states working intensively as change agents to improve systems to address tobacco use and to advance work collectively on strategic issues of national and state importance (e.g. reimbursement/benefits, clinician education).
